

The result of this letter and my questions below was the next day I was delivered a Cease and Desist of my business of 22 years and revoked access to my business with no board review breaking their own rules. No calls, no conversations and just more threats sent to me and my family and while so called leaders post pictures of my wife and I at major conferences warning people not to talk to us, and to delete, and remove, and block us from all social media contact. While telling people in our downline and crossline that we are wacky conspiracy theorist and "Mentally Ill " and that Jud is potentially dangerous, all lies. If you are involved or know anyone in the Amway business, you deserve to pray and study this document and educate people who are being used and deceived for a larger purpose. If you have any questions, feel free to reach out to me as many continue to do.

A special Thank You to all of those who have reached out to encourage us.
Just WOW!

The Letter And Questions Are Below
STUDY AND ASK QUESTIONS

Dear Friend and, (Amway IBOAI Chairman): Joseph Markiewicz,

Delivered 6/7/2022

I write this letter with much pain and a restless heart and after much prayer. I hope over the last 22 years, you have known me long enough to see I worked to do the right things honestly. The way you treated me on the phone the other day was downright rude and nasty. No one deserves to be treated that way as a person especial for someone who has being trying to help. God has guided us, led us, instructed us, and he will continue to do so in his wisdom. I feel I can no longer partner with this, Anti-American, cabal owned and

run Amway Corporation and you are well aware of it. So, for now I am returning my Freedom Fighters baseball jersey to you **UNTIL SOMETHING CHANGES** since things no longer can go ignored or brushed under the rug as if things are just ok. Speaking otherwise wise is a straight up lie if you want to talk about lies. It says Freedom on the front, while our leaders fear the Amway Corporation which has clearly sided with the plans of complete Tyranny while aligning themselves with a (CCP) communistic China First Agenda and not America First. That is NOT FREEDOM. I have worn the #47 on your team for nearly 10 years through thick and thin and have been to over 20 of the games and believed in everything this team stood for **until it would not stand for what was right anymore.** At the start of this letter on 3/10/22 we had 10 business Legs near 300 People (IBOs) coming to conferences. I would like to finish going Diamond on your team for the right reasons of influence and family, but I gave people my word to do what is right and not to mislead

people through deception. You called me a liar on the phone and that I was pushing Propaganda, really? The topics found are facts that need to be addressed and not ignored. However, I feel as if I am being forced to make a decision to stand for America and the country I love before supporting a WOKE AMWAY CORPORATION and its current ownership whom without a doubt are looking to enslave people worldwide in the worst ways possible **by using our businesses profits to fuel their PURE EVIL desires on every front** all while we are told to go sell more now **(UN) tracked VCS product** while none of you are willing slow down to look up. Amway right now deserves a complete BOYCOTT and REBUKE if people were to know what they are actually doing which takes little homework or investigation to find out while many are shunned with mind control for daring to even looking into wrongs. They are not for this country anymore nor "We The People". Even though they say they are, actions speak louder than words. Amway thinks they own the people. **Well in my opinion they have committed Treason at the highest of levels possible and have participated in overthrowing WE THE PEOPLE's President of the United States and Americas General Flynn and no one that I can tell at the IBOAI leadership board is doing anything about it publicly out of fears of legal retaliation.** Just an observation, that is the very definition of Tyranny. Amway unfortunately is currently only portraying Freedom, but in fact is a wolf in sheep's clothing. **So, Why Are We Whispering? a shirt you printed by the way.** I decided not to whisper about the issues and inform you all upline first, and now I'm being, shunned, belittled, chastised, smeared, told to shut up, silenced, and even called "negative" by my uplines whom have now threaten to not only ruin me but steal my business with a 419 rule, while making threats Joe, "POINT BLANK! JUD, DO YOU UNDERSTAND ME!" whatever that meant or Doug's, "JUD, DO YOU WANT TO DIE ON THIS HILL?". No, I do not understand! All while claiming to be Christians slandering me and discrediting me and my wife to our people and the team we built and NO that is not an allegation. Just absolutely mind-blowing stuff, All because I have shined a light on some very unconformable Truths. I see you now posted on Defender Gear about Justin Trudeau, but when I send you a message about his involvement in Amway with China you say I am negative. Which is it?

It's bad enough that Amway funded and supported BLM to burn down our cities including my hometown of Columbus, Ohio. Is that Propaganda and I remember calling you about the next day? The fact that many Diamonds leaders hid these facts from their organizations when asked about doesn't make it any less Truthful, and these are just the beginnings of their wrongs doings which you are well aware of because over the years I personally told you about them with little or no replies because I learned their involvement via my cancer battle. Many people are under the perception that supporting an Amway business is a good thing for our country because of the name, (The American Way), or using the colors of red, white, and blue. **All possibly true at one time so I thought, but NOT TODAY. They are full gone WOKE! I am not sure where they turned left in the so-called elite families of blood lines, but they sure did, badly and it is all a lie now being perpetuated on the people unless the globalist cabal ownership changes hands. They are in the middle of so much corruption while using our business profits as a front against us which is just beyond words or comprehension as we run around shouting Freedom.** And you want to do nothing? It is a total mind bender now; Amway is broken if one zooms out to their transgender advertising. Years of research and conclusive facts point to the truth of them being in line if not leading aspects of The New World Order agenda to enslave mankind... sounds NUTS but it is **100% true based on logical facts and you're refusing to see it while insulting me, WHY?** They even state it in their videos of late which I have shown to you personally while they are in bed with the WEF and the UN on their websites in plain sight. Not talking about it and burry one's head in the sand does not make it go away either. I love you all, but this business was sold as free enterprise and entrepreneurship, a small business, leadership, and they have corrupted all that by funding a globalist sun god agenda. We need to support small business in America and not let Big Tech Corporate business

run us all over which they have done. LTD needs to make some serious changes fast if they want to live and grow any business in a Free Country without being silenced with fears of cross lining or being strong armed. Cross lining is basically for new people not adults with 2 decades of truth who know how to think, if good people see something WRONG you fix it! If it falls on deaf ears you find someone who will listen. We are all adults in the room but sounds more like (CCP) China Communism or Masonic rules of control not to be allowed to talk to my own downline about real topics of concern. **You even said, "it's not my team" WHAT?** Now that is full Propaganda. We are the Last Stand my friend. I am thankful for all that I have learned in the (LTD) Leadership Team Development system. What it taught me is Amway is now far off course. But you all taught me better and now you're turning a blind eye in fear, NEUTURED. You have brought in speakers to make us appreciate our history of Freedom and our Constitution and now you want us to do nothing and just go with the flow, NO! We have learned about our Freedoms and our Bill of Rights and must re-commit to the Constitution and educate people. I have found uncomfortable truths and brought them to my upline heroes to be addressed, yet no one seems to want to take the responsibility necessary to address nor fix what needs to be done or even have a real discussion on these matters without insulting my intelligence. **In fact, you told me to, "shut up" and you won't be fixing nor addressing anything.** Well, No Heroes, No Game!

As a leader, sometimes we must make the hard decisions, which are seldom NOT the easy ones. It is a mistake to think I am just a Platinum on your team. The way you treated me on the phone the other day was not leadership nor how one treats a son or daughter in Christ and no I did not lie to you, but your fangs came out over me talking TRUTH. **You said, "you are shutting me down or else".** Much like labor pains when you are birthing something new, it is painful, even agonizing at times. Tough decisions often come with consequences, but I am willing to give up my monthly income and decades of hard-fought work and vote with my money elsewhere if I must, to do the right thing for America and my kids, my family, and my team vs selling out. I will stand on the "right" side of history here, for my country as a Patriot and Christian (not in name only) as RINOS do. I will not stay in agreement just over money, which has so many others in silence and slavery turning a blind eye to the problems which are a breach of one's bill of rights, which truly are the golden handcuffs to tyranny. I will not compromise on what I know to be true and right while I did learn this from you all, so I thought. It is embarrassing to see you all ignore things while tucking your tails like mice, and many are noticing if you're listening. **It is hard to imagine years of saying and thinking we were "part of the solution" when, in fact we have been used to actually fund the Amway families' "Illuminati" Deep State goals of enslavement. This isn't new, it is just President Trump and Gen Flynn finally kicked the Hornets' nest and Exposed the SWAMP players to what was just already infiltrated and hidden in plain sight for so long because good men at the time chose to do nothing.** Well, your right I am not going to fall in line unless people decide to right this LTD ship which I want to help in doing. The real value is in LTD and NOT Amway today.

I will not go against God's Word and keep supporting a luciferian masonic game plan for DNA control. Just call it what it is. **I'm happy to answer any questions you or anyone may have since they are not conspiracy. You just don't know what you don't know. If I can be of help to you which has always been my goal.** I believe God put me here in your life for a reason. They have all the proof anyone would need to help turn this ship around in faith or start new by living and standing up for our Christian values. I hope you or LTD pick another path forward or decide to work to fix and address things but by you stating on our call, **"I am not going to do anything to fix it"** is just disappointing while you stand on stage and recruit people and sell T-Shirts about freedom while they keep funding their elitist agenda multiplied against us. **So, it will have to be without the Ayers Family on principle alone.** We need to be strong on family and be pillars in our communities and at this rate in America people should run from Amway until changed. This team and our people we serve are so special to us, our entire adult lives have been with this team - 21 for Kara and 22 years and another 20 years prior watching my dad under Jody Victor. We stood on example for leading out the Captives, (much like Moses), but we won't be aligning in agreement with a WOKE Amway who is abusing its own people. We will need to take action, like Noah did, when others want to turn their hearts away from the truth. We love to serve his people; God will open new doors if people do not want to address the corruption the owners are involved with; so I guess addition by subtraction. **Nobody in their right mind would support what they are doing and that is why you want to cover it up and you do not want to talk about it and now you want to remove me from the business, for what? What are you going to outrun the Truth? Amway's values are not Freedom, Family, Hope, and Reward. They are mere words only to portray freedom while they manipulate people for greed and only look good engraved on the building as a sales slogan, what is happening "below the water line" is where we should bring awareness to if we stand on God's word like we do on Sundays from our stages.** The Holy Spirt has shown us and I have shown you multiple times again with ZERO real replies. After being in partnership for 22 years, we should be worth a real conversations verse being ignored or belittled. **My suggestion is for us to USE the platforms we have built on faith and freedom to preserve America, not to help Amway in destroying it so they can help China to lead the UN to their New World Order model.** I don't need false idols or false gods in my life. We need true partners and real patriots who stand up for Christ. We need to put our time and money into fighting for this country, fixing the election system, and protecting our children's children for freedom. Then we can get out a blue marker again if people cannot multitask. Without that we will have NO Freedom. This is not the same opportunity I was offered where people stood without fear and could exercise the God given rights to SPEAK physically or digitally, paid

cowards signed off those rights. I am sure our Founding Fathers would have understood me but for some reason this is falling on those without the eyes to see nor the ears to hear because of MONEY. However, there are others who are fighting against this satanic, globalist, cabal and I will join those people in preserving America in order to get the job done for my kids. Belief and agreement are half the battle. The glory about being one of the few lights in the dark is that it makes your flame that much brighter. It's also the truth so let it out and it will defend itself.

I would rather die on my feet before taking a knee, supporting moloch, baal and his sun worship world religion that Amway's owners are clearly supporting. **It's that simple, something needs to change and if it is me that lights this spark, so be it. God will provide and protect us just like he did in healing me from the leukemia battle which we won't even get into those Bioweapons topics and who funded METABIOTA and who is actually responsible, but it takes fearless action and faith not just an empty sales slogan.** I have experienced this before. God healed me and provided for us as we worked hard and walked through the battle which opened our eyes to who was behind this RINO leftist cabal front curtain. The best blessing of our story is the gifts of discernment, wisdom, and overcoming fear of death and fear of man. Change is hard but it is the fire that purifies. **This business is going to be put to the fire and it needs change at the Ownership level and the infiltration levels if it is going to survive, those are biblical laws in Deuteronomy 28, not mine.** Truths are coming to the surface and it's only going to get harder to cover their seeds of sins and WOKE partnerships and agendas to enslave mankind which are beyond serious NEW HEADWINDS for people. What are we going to cover them up too for the right amount of CCP money? **Freedom is the special ingredient that allows things to move forward organically without manipulation, but freedom is defended by those who take responsibility.** They are trying to boil the frogs (people) and we are not going to participate, and you are aware of it all if not you need to do a serious look in the mirror. I have tried to raise the flags of awareness, but I am being labeled as the negative one or just a crazy person who you now threatened to be remove from Amway and LTD. **WHY? because I told you truth? That is shameful, I'm just a mature, and a well-grounded Christian strong enough to face the truth. I have already been held to the fire and I am not afraid of it because God the Father is with us. Part of leadership is being willing to be misunderstood by those you are fighting to protect. The foundation here is the root of the problem, and you can't build on a faulty foundation since it brings a constant revolving door of rebuilding since many people do not just quit the business. Many are just smart enough and learn and see these truths and just do not say anything and leave since they have a moral compass that has not yet been corrupted by the golden handcuff of money. It truly is the revolving holes in the bucket and the holes are about to get much much bigger.**

WE THE PEOPLE the field, need to plug, fix, replace, or move to a New Foundation if your serious about 100K people in Dallas or more fixing America if not it is just about the money. AMWAY + CHINA + UNICEF + CLINTONS + AREBELLA + ELECTION FRAUD + BLM + RED CROSS + THE UN + WEF + WHO + VACCINES + MASKS + GLOBALISM + SHOWING THE PLAN + PV + LTD = (Does NOT Equal) Freedom. That is a mess, I want nothing to do with it. Much in the equation needs fixing. Yes, within LTD we have a good thing, but Amway's mess is breaking the equation of blessing. We love our team and have put 22 years of our lives into preserving "Camelot" and building people, but Camelot would not have existed if it weren't for a King Arthur standing his ground protecting values. **I would like to sit down with you and have a real discussion in the next 10 days about solutions on how to protect our American Values and Ideals. I think we both could carve out that time if it is important enough to find common ground. If not, you can pursue your unjust removals of me which will cost you because God honors the righteous and people will see the Truth. There is no change without conviction. Charge on, always Forward! You say freedom is worth preserving. Well then let's get out front of it and fix Amway or start something NEW. They are NOT about Freedom Anymore and you know that. Just look at the UN and WEF Partnerships.** You will say it on www.DefenderGear.com, but you won't say it on a Amway Stage anymore. Sounds hypocritical don't you think. Why?

God Bless America.

Husband, Father, Patriot, Freedom Fighter, Sincerely, Jud Ayers

"My Pledge. America must win this war. Therefore, I will work, I will save, I will sacrifice, I will endure, I will fight cheerfully, and do my utmost, as if the entire issue of the whole struggle depends on me alone." PV2 Martin August Treptow, buried along with our Nation's sacred war heroes at Arlington National Cemetery.

Eph 5:5-17 5 For of this you can be sure: No immoral, impure, or greedy person—such a person is an idolater - has any inheritance in the kingdom of Christ and of God. [a] 6 Let no one deceive you with empty words, for because of such things God's wrath comes on those who are disobedient. 7 Therefore do not be partners with them. 8 For you were once darkness, but now you are light in the Lord. Live as children of light 9 (for the fruit of the light consists in all goodness, righteousness, and truth) 10 and find out what pleases the Lord. 11 Have nothing to do with the fruitless deeds of darkness, but rather expose them. 12 It is shameful even to mention what the disobedient do in secret. 13 But everything exposed by the light becomes visible—and everything that is illuminated becomes a light. 14 This is why it is said: "Wake up, sleeper, rise from the dead, and Christ will shine on you." 15 Be very careful, then, how you live—not as unwise but as wise, 16 making the most of every opportunity, because the days are evil. 17 Therefore do not be foolish but understand what the Lord's will is.

What happened to the 10 House Republicans who voted to impeach Trump?

By Amber Phillips
March 1, 2022 | Updated yesterday at 11:05 a.m. EDT

Who are the 10 ?

Here they are in order of the most pro-Trump districts:

1. Rep. Liz Cheney, Wyoming's at-large district: Trump won Wyoming 77%, and she's the third-ranking leader in the House. So for her not just favor of impeachment but also issue a stinging rebuke is quite the step, unexpected in her statement saying Trump "summoned this mob, ass mob, and lit the flame of this attack." She called what Trump did the "g betrayal" of a U.S. president ever.

1. LIZ CHENEY

2. Rep. Tom Rice, South Carolina's 7th Congressional District one saw coming. The congressman, who has served since 2013, comes from a pro-Trump district (Trump won it 59% to 40%), and there was no indication he'd be in the majority. His vote, Twitter was alight with speculation had cast the wrong vote. Turns out, he cast it exactly as he wanted to. L Wednesday, Rice explained: "I have backed this President through this four years. I campaigned for him and voted for him twice. But, this utter inexcusable."

2. TOM RICE

3. Rep. Dan Newhouse, Washington's 4th: Trump won this central Washington state district by a handy margin, 58% to 40%. But for Newhouse, who has served since 2015 and has not been a prominent member, it was clear: "The mob was inflamed by the president's actions in the United States. ... A vote against impeachment is a vote to validate unacceptable violence" and "to condone President Trump's inaction."

3. DAN NEWHOUSE

4. Rep. Adam Kinzinger, Illinois' 16th: Kinzinger's decision was probably the least surprising on this list. Despite coming from a district Trump won 57% to 41%, the Air Force veteran has been outspoken recently against Trump's behavior. He said Trump, "in an effort to keep the Article II branch inciting a deadly insurrection against the Article I branch — are not worthy of impeachment, then what is an impeachable offense?"

4. ADAM KINZINGER

The screenshot shows the top portion of an NPR article. The title is "These Are The 10 Republicans Who Voted To Impeach Trump" dated January 14, 2021. Below the title is a photograph of Rep. Liz Cheney speaking at a podium. The article is categorized under "POLITICS" and "NEWS".

5. Rep. Anthony Gonzalez, Ohio's 16th: Gonzalez, a former NFL wide receiver, is in his second term in Congress. Trump won his district by 15 points, but Gonzalez was unimpressed. "Trump has been a failed president and a failed leader who has violated the U.S. Constitution," he said. "I would have preferred a bipartisan effort to impeach him during the last administration, but," he said, "it is time to say enough is enough." He also cited Trump's efforts "to impede the peaceful transfer of power from one President to the next."

5. ANTHONY GONZALEZ

6. Rep. Fred Upton, Michigan's 6th: Upton has been in office since 1987. He comes from a district that is more moderate. Trump won it just 54% to 44%. Upton has good relationships with Democrats, including President-elect Joe Biden, and even has a strong record of bipartisan work. "I would have preferred a bipartisan effort to impeach him during the last administration, but," he said, "it is time to say enough is enough." He also cited Trump's efforts "to impede the peaceful transfer of power from one President to the next."

6. Fred Upton

7. Rep. Jaime Herrera Beutler, Washington's 3rd: Herrera Beutler was swept in with the Tea Party wave in 2010, but her district is a moderate one. Trump won it 54% to 44%. Herrera Beutler raised eyebrows early, born without kidneys and a rare condition, she is a mother of three and a member of the House floor has voted in favor of impeachment: "I'm not choosing sides, I'm choosing truth."

7. Jaime Beutler

8. Rep. Peter Meijer, Michigan's 3rd: Meijer is a freshman, who won his seat with 53% of the vote. He represents a district that was previously held by Justin Amash, the former Republican-turned-independent who voted in favor of Trump's impeachment in 2019. Meijer, a Columbia University grad who served in Afghanistan, is a social conservative in favor of restrictions on abortion rights and against gay marriage. "Trump showed us 'courage,'" he added. "He added, "The one man who could have restored order, prevented the deaths of five Americans including a Capitol police officer, and avoided the destruction of our Capitol, shrank from leadership when our country needed it most."

8. Peter Meijer

9. Rep. John Katko, New York's 21st: Katko is a moderate from an evenly divided moderate district. A former federal prosecutor, he said of Trump: "I cannot be held responsible for the insurrection. He also added that as the first was happening, Trump "refused to call it off, putting countless lives in danger."

9. John Katko

10. Rep. David Valadao, California's 21st: The Southern California congressman represents a majority-Latino district Biden won 54% to 44%. Valadao won election to the seat in 2012 before losing it in 2018 and winning it back in the fall. He's the rare case where he was elected as a Republican but lost to the other party. Michigan Opportunity Alliance
 Doug DeVos Bobby Schostak

Friends,

In 2020 many of you joined us as we created the Michigan Opportunity Alliance, (MOA), thank you. Our goal was, and continues to be, gathering like-minded supporters to coalesce around electing conservative candidates who will bring those conservative sensibilities to Lansing.

Our first cycle, we engaged in House primary races and nine of the 10 candidates we supported won, and ultimately went on to win their general elections. As co-chairs of the Michigan Opportunity Alliance, we are ready to take our work, and team, to the next level this cycle.

Leading indicators show that we have a political window to deliver wins this November. Not often do opportunities like this present themselves. The tide has swung our way due to the failed policies of the Democrat Party and the Biden Administration. We need to take full advantage of this environment and ensure that the leaders we support are thoughtful and focused on governing.

As you will learn in the meeting, we are asking you to attend on Tuesday, May 17, we will be seeking funding for races in the State House and State Senate (primary and general), Michigan Supreme Court, and likely a number of statewide races as the field develops.

Our team will serve as our wide-angle lens, surveying the candidate field, interviewing and vetting prospective candidates, and providing an analysis of individuals whom we believe deserve our support in primary races and then further support as needed for November.

Now that the pandemic is finally retreating, we finally can meet in person. To that end, please save the date for our first in-person meeting, Tuesday, May 17. Our meeting will begin at noon and include lunch followed by presentations, discussion, concluding with a casual reception. We are asking for a time commitment until 4pm.

We will kick off our meeting with lunch, where we will be joined by former Vice President Mike Pence. Following lunch, we will have a program that is certain to help you navigate this tricky political environment. Additional information will be provided in the coming weeks. In the interim, please feel free to reach out and share your thoughts with either of us, or Jase or Angela.

The Senate has reached a deal on gun control legislation Sunday after 10 RINO Republicans are reported to join Democrats in a 60-vote threshold.

The deal does NOT include Joe Biden's proposals to ban "assault weapons" or "high-capacity" magazines and raise the minimum age of purchasing firearms to 21, but it does expand background checks for individuals under 21.

DeVos money in the 2020 Elections: Part I – Using their companies to buy politicians

OCTOBER 20, 2020

by Jeff Smith (GRIID)

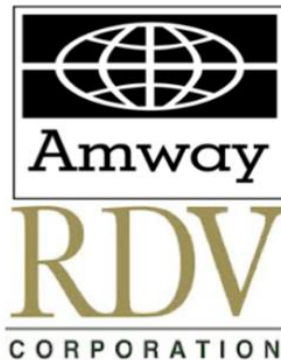

tags: Amway, DeVos Family political contributions, RDV Corporation

The DeVos family has been a major contributor to the Republican Party over the past 5 decades. For example, in the last Presidential Election cycle (2015 – 2016), the DeVos family spent \$1.4 million on campaign contributions.

In this series, we want to look at campaign funding from the DeVos family in the current election cycle, 2019 – 2020. In Part I, we look at campaign contributions that come directly from the companies they own.

According to the Center for Responsive Politics, there are two DeVos-owned companies that have made campaign contributions in the 2019-2020 election cycle, RDV Corporation and Amway/Alticor.

Here are some of the campaign contributions from RVD Corporation, which have totaled \$4,173,362 for 2019-2020.

Here are some of the campaign contributions from RVD Corporation, which have totaled \$4,173,362 for 2019-2020.

The DeVos and Van Andel families, two of the most powerful and wealthy lineages in Michigan Republican circles, have endorsed presidential candidate Mitt Romney, Politico reports.

A dozen DeVos and Van Andel family members, founders of Amway, released a statement describing the former Massachusetts governor as a "leader who stands for economic freedom, hope and opportunity."

Dick and Betsy DeVos represent the two biggest names among the endorsers. She's a former state Republican Party chairwoman, and he was the GOP nominee for governor in 2006.

Members of two prominent Michigan families formally backed Mitt Romney for president in a statement today, endorsing gold-plated GOP names in Romney's primary day.

A dozen DeVos and Van Andel family members -- from the two clans that founded the Michigan-based corporate giant Amway -- threw their support to Romney in a message describing him as a "leader who stands for economic freedom, hope and opportunity." **SOCIALISM FOR THE NWO**

"Because of Mitt's vision to address the critical issues of today and his track record as a proven, thoughtful leader, we are pleased to join other West Michigan leaders in adding our support for his campaign for President," the joint letter says. Steve Van Andel is responsible for managing the daily operations of Amway. He shares the company's Office of the Chief Executive with President Doug DeVos.

Van Andel has been chairman of the company since 1995 and is the oldest son of Amway co-founder Jay Van Andel. In 1959, Jay and his lifelong friend and business partner, Rich DeVos, started Amway from their homes in Ada, Michigan. In five decades, Amway has grown from a small company selling a single cleaning product into one of the world's largest direct selling companies. Van Andel succeeded his father as chairman in 1995 and led the expansion of the business into a stronger, more diversified company to be more competitive in the new economy.

Before becoming chairman, Van Andel was Amway's vice president—Americas, overseeing the company's business operations in North and South America. He also was vice president of Marketing.

Van Andel just completed a one-year term as chairman of the U.S. Chamber. He also served as chairman from 2001 to 2002. Currently, he is chairman of the Executive Committee.

Van Andel serves on the boards of directors of the Gerald R. Ford Presidential Foundation, Business Leaders for Michigan, the West Michigan Policy Forum, Holland Home, the Metro Health Hospital, and the Metro Health Foundation. He also serves on the Dean's Advisory Board for the Seidman College of Business at Grand Valley State University and on the board of his alma mater, Hillsdale College.

Freemasonry and the Continental Army

Forty-two percent of all generals commissioned in the Continental Army were or would become Masons. Military lodges were composed almost exclusively of commissioned officers.

"Masonry provided a counterweight to the fragmentation that threatened the officer corps, helping create the sense of common purpose necessary for the survival of the army—and thus the success of the Revolution itself."

Career highlight: China

When asked to share a highlight of his career, Van Andel talked of traveling with his dad to China in the early 1970s when he was in his teens.

They spent time walking around Shanghai and Beijing so the elder Van Andel could observe people.

He remembers his dad telling him he was curious about where the Amway business could go in the future.

"I'll never forget being with him and talking with him about it and then 20 years later, I remember cutting the ribbon and opening up China," Van Andel said.

China is now Amway's biggest market, generating more than one-third of its sales.

Freemasonry
The worship of Lucifer, SATAN Part 1 of 5

A majority of this page on Freemasonry was taken from Masonic books that were published by Masonic Publishing Companies. Most of these writings were kept secret. Biblical admonition has been taken carefully, comparing Masonic teachings to the Holy Bible. In 1 John 4:1, we read: "Beloved, believe not every spirit, but try (test) the spirits whether they are of God: because many false prophets are gone out into the world." We see that any religious teaching that does not conform to Scripture is from a "false prophet."

Many people still do not understand the importance of studying this subject to its logical conclusion. Their spiritual freedom is at stake. Remember two things about Masonry: 1) Superior Masons deliberately lie to their fellow Masons, as those Masons "deserve to be misled;" 2) Explanations given to 95% of all Masons are wrong. This quote from Masonic author, Carl Claudy sums it all up: "Out through the outer shell and find a meaning; cut through that meaning and find another; under it, if you dig deep enough, you may find a third, a fourth -- who shall say how many teachings?" Many who are in Masonry are not aware that they are lied to. Finally, remember Albert Pike's bold assertion in *Morals & Dogma*, that "Masonry is identical to the ancient Mysteries," which means that all their teachings in all their books are precisely the same as the Ancient, Pagan, Satanic Mysteries. [p. 624, teachings of the 28th Degree]

Of course these top 5% call Jesus Christ an "inferior god," they never, ever mention Him in their teachings or their rituals. This shouldn't surprise you since the Pope carries a bent Satanic cross as seen on another page which shames Christ on the cross.

Freemasons used Luciferic symbols within the layout of government center Washington D.C. Freemasons worship Lucifer, the Light-Bearer. Lucifer and Satan are biblically the same individual, Freemasonry is really the worship of Satan. By quoting their own sources and depicting the symbols in which they use, this claim is proven.

Freemasonry gives itself away more through its symbols than it does in its writings. You saw in the analogy page of "The Matrix" that high level Masons praise Lucifer. It is within these writings the "smoking gun" will be found, proof that Masons worship Satan. Once this is comprehended, you will understand why "they" have been trying to keep this all secret. If people really understood that Masonry is the worship of Satan, no one in their right mind would join. Not only that but people would demand that this organization be outlawed. You have a continuous public relations campaign promoting the lie that Freemasonry is not a religion, and is just a "good works social organization." As quoted above, you have secrets within secrets.

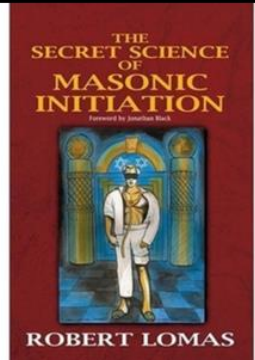

LUCIFER PRAISED AS THE LIGHT-BEARER OF FREEMASONRY

"Lucifer, the Light-bearer! Strange and mysterious name to give to the Spirit of Darkness! Lucifer, the Son of the Morning! Is it he who bears the Light, and with its splendors intolerable, blinds feeble, sensual, or selfish souls? Doubt it not!" [Albert Pike, *Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry*, p. 321, 19th Degree of Grand Pontiff; Red Emphasis added]

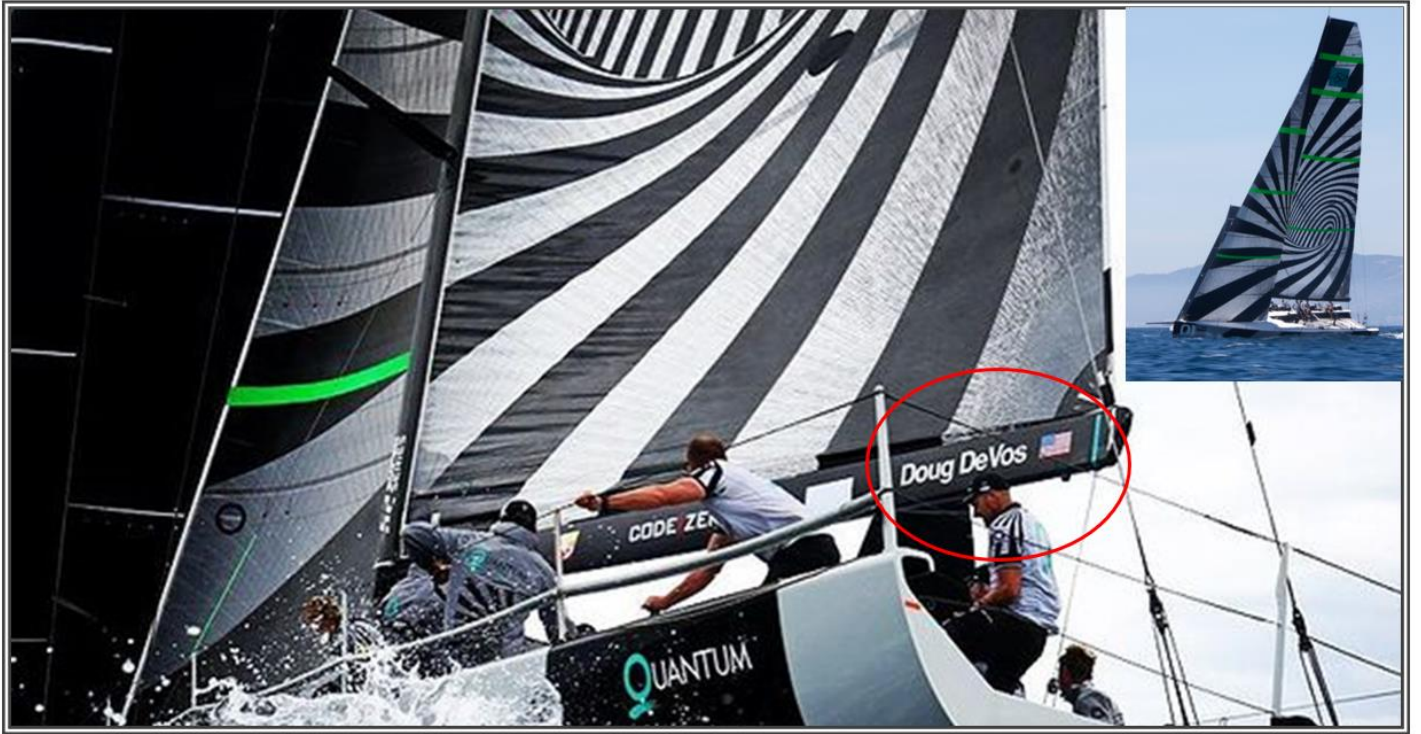

Masons from the first initiation which is the first degree are urged to mightily "seek the Light!" The average Mason is continually saying that he is "seeking the Light," and will spend his entire life "moving toward the Light."

People who haven't studied this subject would assume that this "Light" is the revelation of the God of the Bible. This statement is continuously held up to try to convince us that Masonry is Christian. In the above quote, Albert Pike is saying that Lucifer is the One who bears the Light of Freemasonry.

The sentence immediately preceding confirms not only that Lucifer is the Light-bearer, but that Masons of previous degrees have been led to believe that the opposite was true.

Kissinger Quote from a speech to the WHO Council on Eugenics, February 25, 2009:
"Once the herd accepts mandatory vaccinations, it's game over. They will accept anything – forcible blood or organ donation – "for the greater good". We can genetically modify children and sterilize them --- "for the greater good". Control sheep minds and you control the herd. Vaccine makers stand to make billions. And many of you in this room are investors. It's a big win-win. We thin out the herd and the herd pays us for extermination services..."

Dr. Francis Collins has rejoined President Biden's team as a "science adviser" after retiring late last year from the National Institutes of Health (NIH) amid scandal.

Collins will rejoin Biden's team following Dr. Eric Lander's resignation as "science adviser" after "bullying his colleagues" in violations of the White House's workplace policy, the *New York Times* reported. Raising the bar for excellence**

Four unique and highly respected groups of scientists and practicing clinicians are helping ensure that Amway customers get the best of science every time they buy Amway™ health and beauty brands.

They are leaders in their research fields and hail from renowned institutions such as Harvard, Yale, University of Leeds, Massachusetts Institute of Technology (MIT), University of Michigan, Seoul National University, Kyoto Prefectural University of Medicine, Chinese University of Hong Kong and the Institute of Nutrition of Russian Academy of Medical Sciences.

They have private clinical practices in cities such as Munich, Hong Kong and Chicago. They hold numerous patents and distinguished awards. Several have held chairmanships and positions with significant government agencies.

These independent individuals make up the Scientific Advisory Boards for:

WORLD | UNITED STATES

Van Andel Research Institute, a Michigan-based biomedical research institution, agreed to pay US\$5.5 million as part of a settlement with the US over allegations that two NIH-funded scientists failed to disclose grants from the Chinese government.

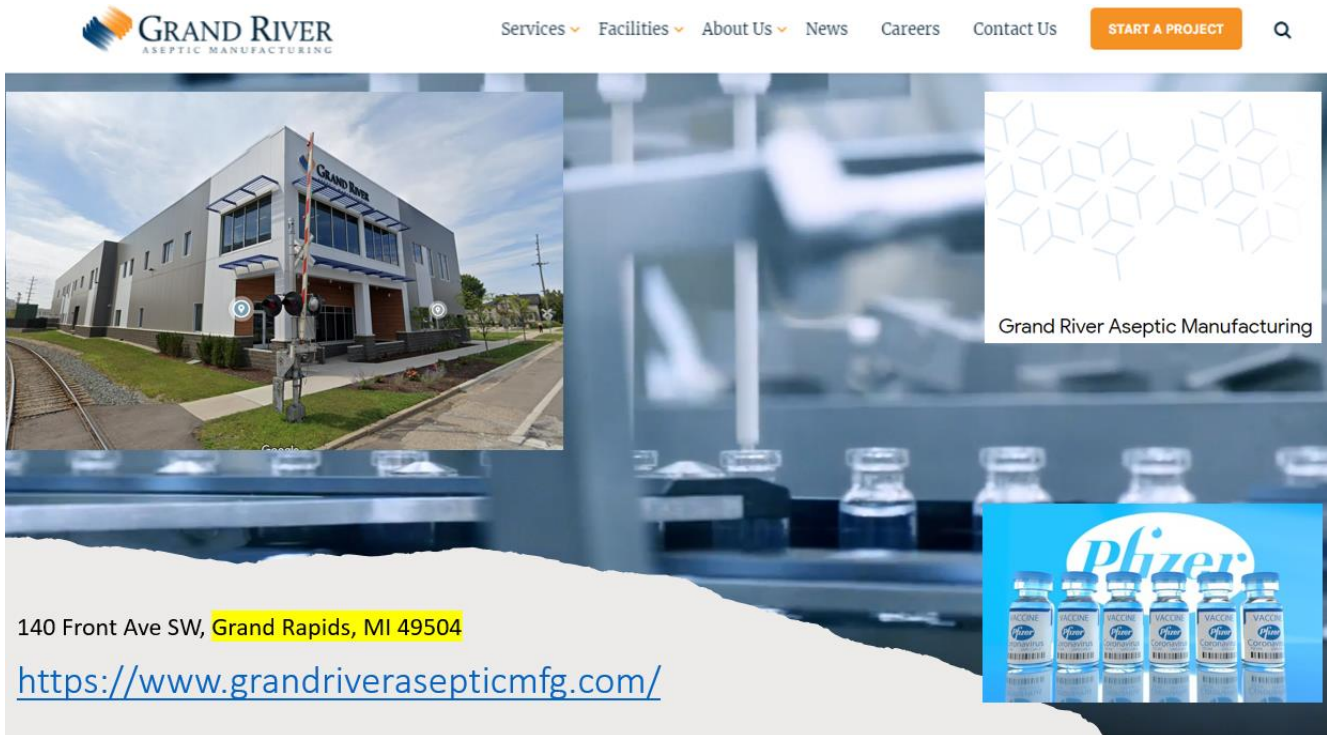

To US Senator Rob Portman, who worked on a committee report in November that highlighted concerns with the Thousand Talents programme, Lieber's arrest signalled validation.

"The charges show the lengths that China will go for access to top-notch research here in the United States," the Ohio Republican said in a statement.

But some scholars say the intense scrutiny US law enforcement officials are applying to ethnic Chinese scientists and, now, US researchers, carries a downside: It chills academic freedom and stifles scientific progress.

"On the one hand, it's good that the US government is looking beyond ethnic identity for these cases," said Frank Wu, a professor of law at University of California Hastings. "On the other hand, the increasing scope of these investigations threatens American science more generally." The push to staunch China's well-documented and costly theft of US innovation and know-how has also raised questions about overzealous prosecutors and racial profiling.

New \$160M COVID-19 vaccine contract 'takes GRAM to the next level'

GRAND RAPIDS — The \$160 million federal contract to produce a COVID-19 vaccine when it's ready elevates Grand River Aseptic Manufacturing Inc. into what Tom Ross calls the "big leagues."

Poster child

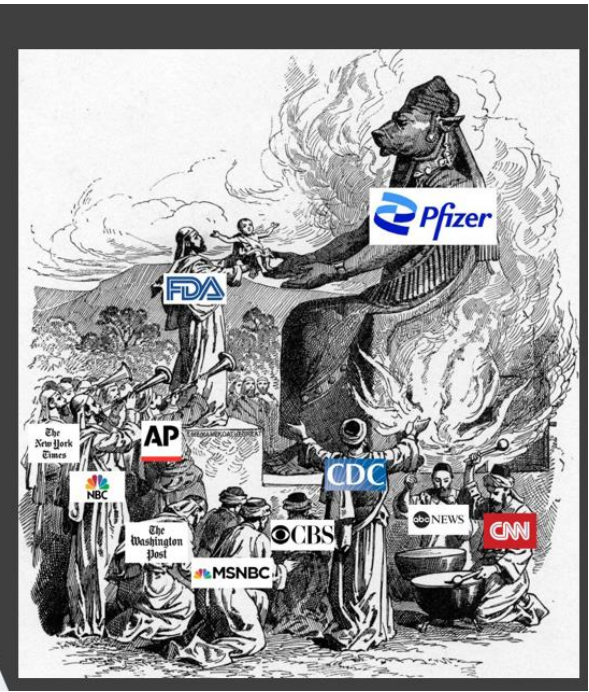

Originally founded in the mid 2000s as a joint venture between the Van Andel Institute and Grand Valley State University, GRAM got off to a slow start.

Local investors led by Charter Capital Partners in Grand Rapids acquired GRAM's assets in late 2010 and put \$5 million into the company. The investment group — which includes VAI, GVSU, individual members of Grand Rapids-based Grand Angels, and the Municipal Employment Retirement System of Michigan — formed a new corporate entity and recruited a new management team that put the company on the right track with a strong growth trajectory after years of problems.

In 2017, local investors then sold a majority of the company to Arlington Capital Partners, a Chevy Chase, Md.-based private equity firm. Some of the local investors retained minority stakes in GRAM, which has gone on to record strong annual growth rates.

Arlington Capital Partners and local investors provided a "significant amount" of capital to support GRAM's growth and recent expansion,

This Just In: Michigan Continues to Lead in Life Sciences with Latest \$120M Investment from Pfizer

Stefanie Pohl

Monday, June 6, 2022

In late 2020, all eyes were on Michigan as the first batches of Pfizer's COVID-19 vaccine left the company's Portage facility – and today, the global pharmaceutical industry leader is putting Michigan on the map once again as a leader in fighting the pandemic by announcing it will add 250 jobs to its Portage manufacturing facility as part of a \$120 million investment to produce Paxlovid, the company's antiviral COVID-19 pill. According to the company, the facility will be the only U.S. manufacturer of the ingredients and materials used to produce Paxlovid.

In [clinical trials](#), the prescription drug treatment was shown to be 89% effective in preventing hospitalization and death among high-risk individuals. This year, Pfizer aims to produce 120 million packs of Paxlovid, which received emergency use authorization from the U.S. Food and Drug Administration in December.

"Pfizer's \$120 million expansion in Kalamazoo creating 250 good-paying jobs making PAXLOVID will save lives and build on Michigan's economic momentum," said **Governor Gretchen Whitmer**. "Pfizer's Kalamazoo facility also made some of the first doses of the vaccine, and now this proud Michigan company will play a critical role in both the treatment and prevention of COVID. By creating opportunity for Michiganders, Pfizer is helping us grow our economy, create good-paying jobs, and keep families safe."

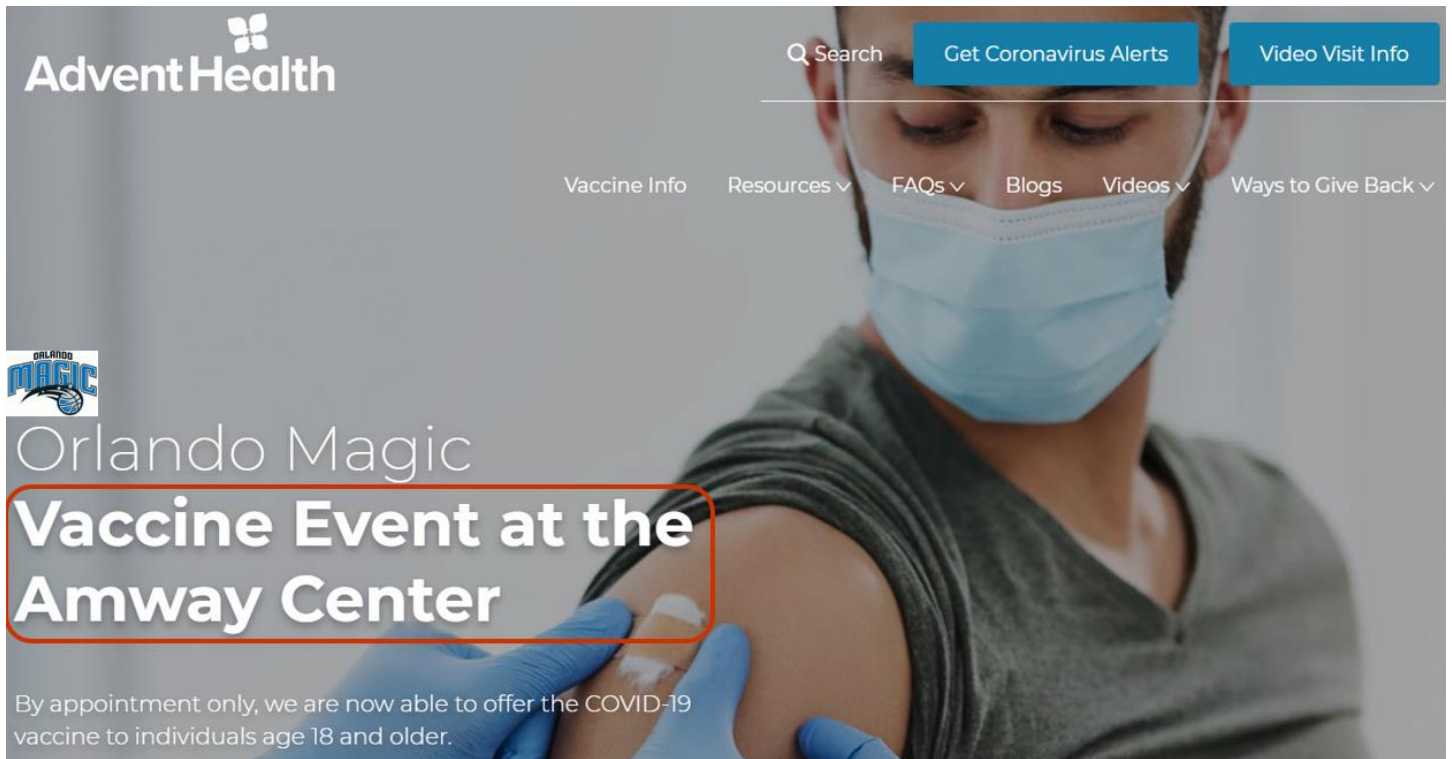

The investment builds on Michigan's leadership in combatting COVID-19 since cases were first detected in March 2020, with the [first U.S. doses of the Pfizer vaccine](#) being manufactured at the Portage facility. Since December 2020, the facility has produced nearly a billion doses. In March 2021, [Pfizer broke ground](#) on one of the world's most technically advanced sterile injectable pharmaceutical production facilities – known as Modular Aseptic Processing (MAP) – in Portage. The facility is expected to add approximately 450 new jobs in Kalamazoo County, part of a \$465 million investment by the company.

"Pfizer's continued investment in Michigan highlights the state's leadership in life sciences and medical device manufacturing and our commitment to growing high-wage tech jobs to strengthen economic opportunity for Michiganders," said **MEDC CEO and Michigan Strategic Fund President and Chair Quentin Messer Jr.** "We are grateful to Pfizer and this investment will sustain its presence in the Kalamazoo area for years to come. We are grateful for the bi-partisan leadership of Governor Whitmer and members of the Michigan Legislature."

Pfizer's ongoing investment in Michigan's Arsenal of Innovation is one of many factors that makes the state a national leader in its pandemic response. Also contributing to Michigan's COVID-19 vaccine manufacturing efforts, [Grand River Aseptic Manufacturing \(GRAM\)](#) in Grand Rapids was selected in 2020 by the U.S. Department of Health and Human Services and the U.S. Department of Defense to support the expansion of the United States' capacity for manufacturing and distributing vaccines or therapeutics related to the COVID-19 pandemic.

Q: What is Agenda 21 and the New World Order?

Q: Is the NWO Conspiracy or Fact?

THIS IS NOT A GAME

Agenda 21

Agenda 21 is a comprehensive plan of action to be taken globally, nationally and locally by organizations of the United Nations System, Governments, and Major Groups in every area in which human impacts on the environment.

Agenda 21, the Rio Declaration on Environment and Development, and the Statement of principles for the Sustainable Management of Forests were adopted by more than 178 Governments at the United Nations Conference on Environment and Development (UNCED) held in Rio de Janeiro, Brazil, 3 to 14 June 1992.

The Commission on Sustainable Development (CSD) was created in December 1992 to ensure effective follow-up of UNCED, to monitor and report on implementation of the agreements at the local, national, regional and international levels. It was agreed that a five year review of Earth Summit progress would be made in 1997 by the United Nations General Assembly meeting in special session.

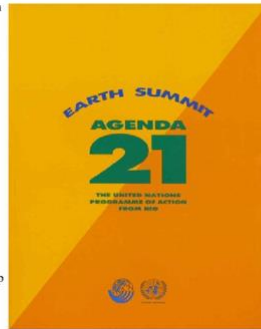

The full implementation of Agenda 21, the Programme for Further Implementation of Agenda 21 and the Commitments to the Rio principles, were strongly reaffirmed at the World Summit on Sustainable Development (WSSD) held in Johannesburg, South Africa from 26 August to 4 September 2002.

Amway to **Suspend Operations in Russia** ?

Facebook Twitter LinkedIn Pinterest Email

Amway is powered by people – especially the inspiring, entrepreneurial and caring employees and Amway Business Owners (ABOs) who live our values every day across the world.

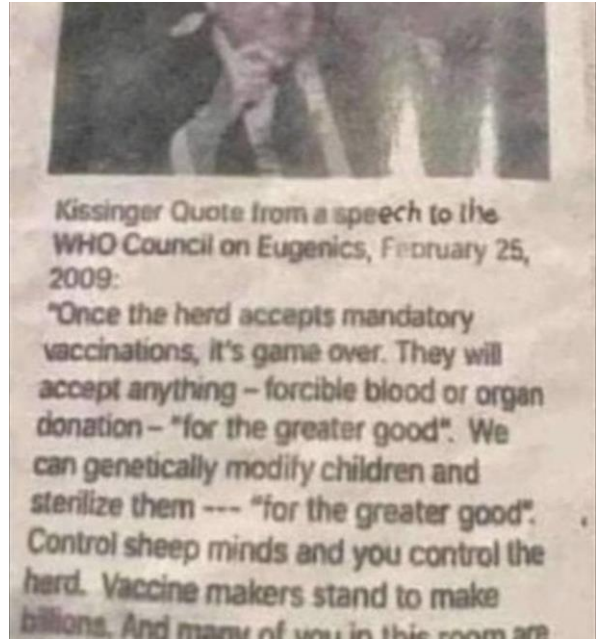

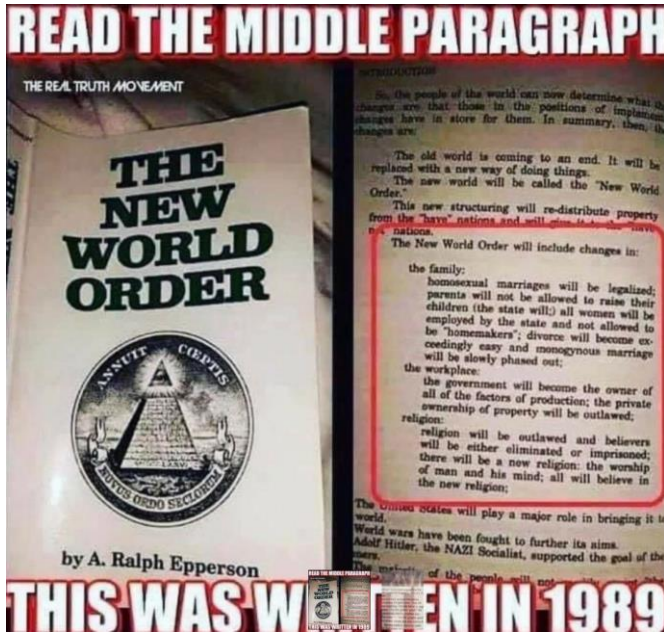

Seeing the global Amway family step forward and care for those who have left Ukraine in search of safety and shelter, and those who have stayed behind, has once again shown the heart of Amway and the strength of the bonds we share. Our team members who remain in Ukraine are also donating our healthy food and beverage products, personal care items, and dietary supplements to people in harm's way, and to local hospitals and charities.

The reality of our business is that we have friends, colleagues and Amway Business Owners in both countries who have worked together for years in harmony with a common purpose. However, the continuing war, along with the global legal and operational environment, makes it impossible to continue business as we have been in Russia, and so we are announcing the immediate suspension of product imports and will be pausing other operations as well.

Hope – along with Freedom, Family and Reward – is one of our four Founders' Fundamentals. We have upheld these ideals for more than 60 years, including through very challenging times in different parts of the world. It is our sincere hope that peace will prevail, and that we can return to fully supporting operations and opportunity for all who are a part of the Amway family.

United Nations Foundation and Amway partner to eliminate malnutrition

On the poster of the 17 Sustainable Development Goals (SDGs) adopted in September 2015 by the United Nations, goal #2 says simply: Zero Hunger.

But the goal is actually much more complicated and nuanced than zero hunger, according to Jeff Terry, Amway global manager of corporate social responsibility.

"One of the key indicators in SDG#2, and what we're focused on, is eliminating by 2030 malnutrition in all its forms, especially in children under age 5, and creating consistent metrics on under-age-5 nutrition," said Terry.

Terry knows what he's talking about. He manages the Nutrilite™ Power of 5 Campaign (#powerof5), the Amway program providing Nutrilite Little Bits™ nutritional supplement to malnourished children aged 6 months to 5 years. He also led the 2014/2015 effort between Amway, the Global Alliance for Improved Nutrition (GAIN) and other organizations to map aspects of malnutrition around the world.

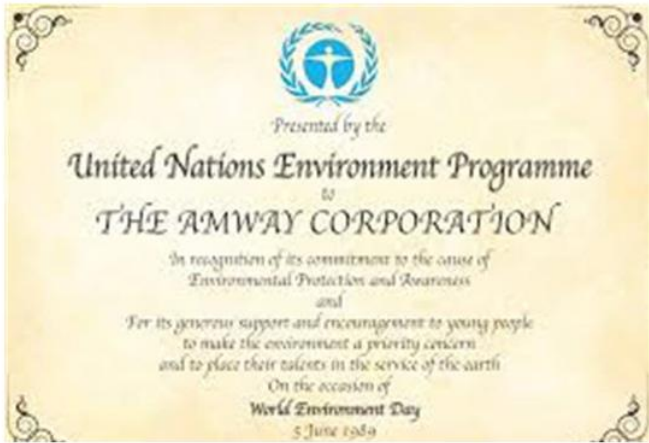

Now Terry is leading the Amway initiative to bring Little Bits and the Nutrilite Power of 5 Campaign to the United Nations through a partnership with the United Nations Foundation. StartUp caught up with Terry just as he returned from the Sustainable Development Goals sessions during the United Nations General Assembly to get the details on the partnership.

A message to the Amway community: The events that have unfolded over the past few weeks have their roots in decades of racial discrimination. To stay silent is to be complicit. It's time for us to add our voice to the call to end racism. This is a crisis we do not take lightly.
